

The Lowell Elementary Geography Club and  
The Multi-Cultural Committee present to you:

## **World Explorer Day: Exploring our Multi-Cultural Heritage**

Thursday, February 8, 2018

2:30pm – 4pm

On the playground

Students (and their families) are encouraged to come and explore the world through geography and culture. Students will have an opportunity to handle artifacts from other countries and cultures, engage with maps, globes and atlases, have their names written in other languages, participate in cultural activities and more.

The goal of the event is to honor the diversity at Lowell, inspire curiosity about the world, and explore the idea of migration and how cultures move from place to place.

For updates check the weekly email blast.

Ready to volunteer?

The committee is looking for people to:

- Share your culture/traditions (art, dance, games, language, music, clothes, and food (packaged only)) at World Explorer Day
- Lead a classroom activity on Monday, February 5<sup>th</sup>
- Recruit local cultural performing groups for the event
- Join the World Explorer Day event planning committee
